DETAILED ACTION

1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

Response to Arguments

2. Applicant's arguments, see Remarks, filed 03/10/2010, with respect to Claims 1, 3, 4, 6-14, 16, & 17 have been fully considered and are persuasive. The rejection of 102 & 103 has been withdrawn.

Allowable Subject Matter

3. Claims 1, 3, 4, 6-14, 16, & 17 are allowed.

4. The following is an examiner's statement of reasons for allowance: The following is a statement of reasons for the indication of allowable subject matter: Claims 1, 3, 4, 6-11, 14, 16, & 17 are toward a flow-through device for measuring the platelet function of primary hemostasis, the aggregation and/or the coagulation and/or the viscosity of the blood with a reservoir wherein among the combination of limitations for the flow-through device, the flow-through device further comprises a housing that has a cylinder and a piston disposed therein, and wherein the aperture is disposed in a bottom wall of the cylinder through which the blood from the reservoir can be passed during a corresponding movement of the piston; Claims 12 & 13 are toward a flow-through device for measuring the platelet function of primary hemostasis, the aggregation and/or the coagulation and/or the viscosity of the blood with a reservoir, wherein among the

combination of limitations for the flow-through device, the flow-through device further comprises a small suction tube or a capillary, which extends into the reservoir, preceding the aperture, wherein the blood can be conveyed from the reservoir through the small suction tube or the capillary to the aperture; and Claim 13 recites that the device of Claim 12 further comprises the small suction tube or the capillary extends through the opening of the stirrer part.

5. The prior art of record does not suggest nor disclose the combination of these limitations for the flow-through devices as recited.
6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
